

JOB TITLE: Maintenance Support Staff
[SET UP AND SOUND EQUIPMENT]

REPORTS TO: Director of Maintenance

SUMMARY OF POSITION:

Assist the director of maintenance in any responsibilities listed below and other duties as assigned.

ESSENTIAL DUTIES:

- This role is a mix of hands-on maintenance, set-up and sound equipment management.
- Take care of the camp — fixing things, keeping facilities in great shape, doing small repairs, and making sure everything looks excellent.
- Respond to any maintenance work orders, as assigned
- Handles all set-up and “last look” before group arrives, searching the building for any maintenance items that need to be addressed.
- Responsible for keeping all tables and chairs 1. Matching in that building 2. In good condition 3. Clean (even if that means wiping them down before group arrives.)
- Oversee all inventory, use of and maintenance of sound equipment —
- Assist groups in use of all sound equipment including both portable and permanent systems around the campus
- Be available for on call maintenance hours whenever needed to make camp run smoothly.
- The likely schedule will be Tuesday-Saturday with Sunday on call rotation. This schedule may be changed by the Director of Maintenance, as needed.

REQUIRED SKILLS:

- Maintenance experience
- Audio/Visual knowledge
- A great attitude for enhancing the guest experience
- A Christ-follower who’s passionate about ministry and leading by example.
- Able to endure in the Texas heat and handle a full schedule and many tasks with a good attitude.

Be ready to work weekends and long hours in the summer. This is not an 8-5 job, it is a calling to the ministry as we serve God’s people through Christian Camping, Conferences and Retreats.

Hourly pay is \$17.00.

This position is flexible. It can be up to 40 hours per week.
